TESTING

Anonymous & Confidential, \$80 testing fee

260 Elm Street, Suite 106 - Davis Square (T) Somerville ▪ (617) 623-7447

No Wait. No Questions.

Walk-in, anonymous, rapid HIV testing is available using the Clearview HIV1/2 STAT-PAK. The Clearview test requires only a simple finger prick.

Results are delivered in private, no questions asked, by a certified HIV counselor and virologist. No counseling is required, but any questions will be answered in private by the HIV counselor.

There is an \$80 testing fee payable at the time of service by cash or money order (no credit cards accepted).

Davis Square Somerville is located on the Red Line approximately 20 minutes by T from Park Street, Boston.

Bedford Research Foundation is one of the few locations providing rapid anonymous HIV testing in Boston, MA.

The Testing Process

➔ From start to finish, please plan approximately 45 minutes for the testing process.

➔ When you arrive at the testing laboratory, you will be given an information brochure about the Clearview HIV Rapid test.

➔ Your blood sample will be taken with a simple finger stick in a private room.

➔ You will be given an anonymous ID number which will also be attached to your blood sample.

➔ You will then have the option to wait for 30 minutes in our waiting room, or to leave and return.

➔ After 30 minutes, you will be given your results in a private room from a certified HIV counselor and virologist.
